Dear

I was happy to learn from your assistant that Thursday, September 15, 1960 is open on your schedule and that you will be able to reserve it for briefings for the current session of the Mid-Career Course.

I would be very grateful to you if a program similar to the last could be arranged, with modifications you consider appropriate. If you should care to discuss the program with me, I shall be at your service.

Enclosed are eight copies of the class roster and of biographic data on the students. Security clearances for all are being obtained.

Sincerely,

Harold M. Midkiff
Mid-Career Course Chairman
School of Foreign Affairs
Foreign Service Institute
